

PUBLIC ANNOUNCEMENT

TEMPORARY CESSATION OF ISSUANCE OF SPORTS BETTING LICENCES

Gaming Board of Tanzania (GBT) has undertaken a comprehensive study on the conduct and growth of Sports Betting operations in Tanzania, in order to know how to best regulate this sector. Once the study is complete, GBT will share the findings along with the recommendations on way forward.

However, in the meantime, we wish to inform the general public as well as gaming stakeholders that, with immediate effect, GBT has stopped accepting new applications of Sports Betting licence of any form (ie. retail, online, USSD, etc.), until such time that the study is complete and the resulting recommendations have been implemented. This will not affect the existing licences, renewals as well as applications that are currently receiving attention of the Board.
